Bill through claims

Virta is a medical provider, so we can work with your health plan to bill through claims. Because of this, we do not affect your administrative budget.

2:1 ROI over 24 months

Cost savings are direct and realized rapidly due to removal of costly diabetes medications.

The Reversal Advantage

The value of Virta is clear to both payers and patients, especially when you compare our average outcomes with what is possible with the leading diabetes drugs. We deliver results that compare to or even exceed existing pharmacological therapies—while simultaneously removing the need for these drugs.
